Principal activities

The Fund invests in accordance with its investment objectives and guidelines as set out in the Fund's current Product Disclosure Statement and in accordance with the provisions of the Fund's Constitution.

The Fund did not have any employees during the reporting period.

There were no significant changes in the nature of the Fund's activities during the reporting period.

Review and results of operations

Subject to the criteria for stock selection outlined in the Product Disclosure Statement, the Responsible Entity aims to outperform the MSCI Emerging Markets Net Index (AUD) (Benchmark), after fees, over a five-year period.

Review and results of operations (continued)

Summary of the Fund's performance after fees for the reporting period ended 30 June:

	Period from 1 July 2023 to 30 June 2024	Period from 29 June 2022 to 30 June 2023
	%	%
Total return*	4.5	1.6
Benchmark	12.2	5.1
Distribution per unit for the reporting period ended 30 June (excluding tax credits) (note 4)	\$0.0193	\$0.0149

*Total return is based on the movement in net asset value per unit plus distributions and is before tax and after all fees and charges. Imputation and foreign income tax offsets are not included in the performance figures.

Significant changes in state of affairs

The Fund has not met eligibility requirements of being an Attribution Managed Investment Trust (AMIT) for the year ending 30 June 2024, as such the Responsible Entity has applied ordinary principles when determining the Fund be currently treated on capital account for income tax purposes.

In the opinion of the Responsible Entity, there were no other significant changes in the state of affairs of the Fund during the financial reporting period under review.

Likely developments

On 6 August 2024, the Responsible Entity provided notification of the intention to wind up the Fund to investors.

Events subsequent to balance date

The Responsible Entity resolved and approved the wind up of the Fund with investors notified by letter on 6 August 2024 of the Responsible Entity's intention to terminate the Fund. All available assets available for liquidation were sold on 6 August, with initial proceeds totalling \$10,421,350 returned to investors on 14 August 2024. Remaining assets less liabilities were settled and returned to investors on 30 August 2024.

The Responsible Entity does not regard the Fund as a going concern due to its impending wind up. As a consequence, the financial statements for the period ending 30 June 2024 were not prepared on a going concern basis.

No other significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund disclosed in the Statement of Financial Position or on the results and cash flows of the Fund.

Interests of the Responsible Entity

Fees paid out of Fund property to and units held by the Responsible Entity and its associates during the reporting period are disclosed in Note 5(b) to the financial statements.

Indemnities and insurance premiums for the officers of the Responsible Entity and auditors

No insurance premiums are paid out of the assets of the Fund for insurance cover provided to the officers of the Responsible Entity or auditors of the Fund. So long as the officers of the Responsible Entity act in accordance with the Fund's Constitution and the law, the officers of the Responsible Entity are generally entitled to an indemnity out of the assets of the Fund against losses incurred while acting on behalf of the Fund. The auditors of the Fund are not indemnified out of the assets of the Fund.

Environmental legislation

The operations of the Fund are not subject to any particular or significant environmental regulation under a Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

The Fund is of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, and in accordance with that instrument, amounts in the financial report and the Directors' report have been rounded to the nearest thousand dollars unless otherwise stated.

Lead Auditor's Independence Declaration under section 307C of the Corporations Act 2001

The lead auditor's independence declaration is set out on page 4.

Signed in accordance with a resolution of the directors of Maple-Brown Abbott Limited.

1 Summary of material accounting policies

This annual financial report covers the Fund as an individual entity.

The Fund is a registered managed investment scheme under the *Corporations Act 2001*. The Fund was constituted on 17 February 2022 and will terminate 80 years (less one day) from the date of commencement or at such earlier time as provided by the Fund's Constitution or by the law.

Maple-Brown Abbott Limited is the Responsible Entity. The registered office and principal place of business of the Responsible Entity is Level 26, Tower One, International Towers, 100 Barangaroo Avenue, Barangaroo NSW 2000.

The annual financial report was authorised for issue by the directors of the Responsible Entity on 10 September 2024. The directors of the Responsible Entity have the power to amend and reissue the financial report.

(a) Statement of compliance

The annual financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards and interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia.

The annual financial report of the Fund also complies with International Financial Reporting Standards and interpretations issued by the International Accounting Standards Board.

The financial report is prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

(b) Basis of preparation

Functional and presentation currency

The annual financial report is presented in Australian dollars, which is the Fund's functional currency.

Use of estimates

In a limited number of circumstances the Responsible Entity makes estimates and assumptions that affect the reported amounts in the financial statements. These estimates and associated assumptions are reviewed regularly and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The use of estimates and critical judgements in fair value measurement is described in note 7(a).

Change in accounting standards

Except as described below, the accounting policies applied in these annual financial statements are the same as those applied in the Fund's financial statements as at and for the year ended 30 June 2023.

a) Material accounting policy information

The Fund has adopted Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) from 1 January 2023. The amendments did not result in any changes to the accounting policies themselves, but require the disclosure of material accounting policy information rather than significant accounting policies.

1 Summary of material accounting policies (continued)

(b) Basis of preparation (continued)

The amendments require the disclosure of 'material', rather than 'significant', accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

Management reviewed the accounting policies and no updates were required.

Going concern basis

The Responsible Entity resolved and approved the wind up of the Fund with investors notified by letter on 6 August 2024 of the Responsible Entity's intention to terminate the Fund.

The Responsible Entity does not regard the Fund as a going concern due to its impending wind-up. As a consequence, the financial statements for the period ending 30 June 2024 were not prepared on a going concern basis.

In preparing the financial statements on an alternate basis, the Responsible Entity has continued to apply the requirements of Australian Accounting Standards taking into account that the Fund is not expected to continue as a going concern in the foreseeable future. All assets are measured at their net realisable values and liabilities are measured at their anticipated settlement amounts based on relevant Australian Accounting Standard requirements. There has been no significant remeasurement of any amounts in the financial statements.

(c) Financial instruments

Classification

The Responsible Entity classifies the Fund's investments based on its investment strategy for managing those financial assets and their contractual cash flow characteristics. The Responsible Entity evaluates the performance and related financial information about its investments on a fair value basis in accordance with the Fund's investment strategy.

Measurement

Financial assets

The Fund's financial assets are classified either as "fair value through profit or loss" or as "amortised cost". Financial assets which are classified as "fair value through profit or loss" are recognised or derecognised by the Responsible Entity as such at trade date. They are initially recognised at fair value, excluding transaction costs, which are expensed as incurred. Thereafter they are re-measured at fair value, with any resultant gain or loss recognised immediately in the Statement of Comprehensive Income.

Listed equities are classified as financial assets at fair value through profit and loss and are valued at their quoted last sale price on the exchange on which such securities are traded as of the close of business on the day the securities are being valued.

Financial liabilities

Financial liabilities of the Fund are measured at "amortised cost" using the effective interest method. These financial liabilities are of a short term nature and hence their carrying value approximates fair value.

1 Summary of material accounting policies (continued)

(c) Financial instruments (continued)

Derivatives

Derivative financial instruments are held for trading and accounted for on a fair value basis using the most recent verifiable source of market prices. Fair values are obtained using quoted market prices or determined through the use of valuation techniques. All derivatives are carried as assets when the fair value is positive and as liabilities when fair value is negative.

The Fund does not designate any derivatives as hedges in a hedging relationship.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(d) Foreign currency translation

Transactions during the reporting period denominated in foreign currency have been translated at the exchange rate prevailing at the transaction date. Overseas investments and currency, together with any accrued income, are translated at the exchange rate prevailing at the reporting date. Unrealised exchange gains and losses arising on the revaluation of investments are included in investment income, as part of the net change in the fair value of investments. All other material foreign currency exchanges differences relating to monetary items, including cash and cash equivalents are presented separately in the Statement of Comprehensive Income.

(e) Revenue and expenses

Dividends and distribution income from financial assets at fair value through profit or loss is recognised in profit or loss when the Fund's right to receive payment is established.

Interest on cash deposits is calculated using the effective interest method and is recognised as revenue in the Statement of Comprehensive Income on an accruals basis.

Net change in the fair value of financial instruments at fair value through profit or loss is determined as the difference between the fair value as at reporting period or consideration received (if sold during the reporting period) and the fair value as at acquisition (if the investment was acquired during the reporting period).

Transaction costs incurred in the acquisition and disposal of assets are expensed in the Statement of Comprehensive Income on an accruals basis.

Expenses, including Responsible Entity fees, are recognised in the Statement of Comprehensive Income on an accruals basis.

(f) Distributions

In accordance with the Fund's Constitution, the Responsible Entity may elect whether to make a distribution. Once elected by the Responsible Entity, distributions paid and payable are recognised and disclosed as transactions with unitholders in the Statement of Changes in Equity.

1 Summary of material accounting policies (continued)

(g) Change in net assets attributable to unitholders

Unrealised gains and losses arising from movements in the fair value of assets are held within net assets attributable to unitholders. The taxable and concessionally taxed portions of realised capital gains on the disposal of investments are attributed to unitholders in the period for which they are assessable for tax purposes.

(h) Cash and cash equivalents

Cash and cash equivalents may include cash at bank, deposits at call with banks, term deposits and bank bills of exchange and are valued at cost.

(i) Receivables

Receivables may include applications, balances due from brokers, interest, dividend and distribution receivables as well as reduced input tax credit. Receivable amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Fund shall measure the loss allowance on receivables at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition.

The amount of the impairment loss is recognised in profit or loss within other operating expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other operating expenses in profit or loss.

(j) Other Payables

Payables may include redemptions, balances due to brokers, distribution and sundry creditors and accruals which are unpaid at the end of the reporting date.

(k) Taxation

The Fund has not met eligibility requirements of being an Attribution Managed Investment Trust (AMIT) for the year ending 30 June 2024, as such the Responsible Entity has applied ordinary principles when determining the Fund be currently treated on capital account for income tax purposes.

Under current legislation the Fund is not subject to income tax as the taxable income (including net realised capital gains) is distributed in full to the unitholders in the period in which they are assessable for taxation purposes.

The price of a unit is based on the market values of underlying assets and thus may include a share of unrealised taxable capital gains/losses. Should a net gain be realised, that portion of the gain that is subject to capital gains tax in the hands of the unitholders will be included in any future distributions made by the Fund.

Any balance of realised capital losses is not distributed to unitholders but is carried forward to be offset against any future realised capital gains. If realised capital gains exceed realised capital losses, the excess is distributed to unitholders.

1 Summary of material accounting policies (continued)

(l) Net assets attributable to unitholders

Under AASB 132, puttable financial instruments can only be classified as equity where certain strict criteria are met. The units issued by the Fund did not meet these criteria for the years ended 30 June 2024. As a result, the Fund is not an attribution managed investment trust ("AMIT") and distributions of the Fund's distributable income is mandatory as prescribed by the Fund's Constitution from 1 July 2023.

(m) Determination of redemption price for units in the Fund

The redemption price is determined in accordance with the Fund's Constitution and is calculated as the value of the assets of the Fund less its liabilities, adjusted for estimated transaction costs, divided by the number of units on issue.

(n) Goods and services tax (GST)

The Responsible Entity fees and other expenses are recognised net of the amount of GST recoverable as a reduced input tax credit (RITC). Receivables and payables are stated inclusive of GST. Cash flows are included in the Statement of Cash Flows on a gross basis.

* Effective from 1 July 2023, the net assets attributable to unitholders have been reclassified from financial equity to liability.

The Responsible Entity considers net assets attributable to unitholders as capital. This capital is invested in accordance with the provisions of the Fund's Constitution. The Responsible Entity may make additional investments in the case of net applications, or realise investments in the case of net redemptions, depending on the desired level of liquidity in the Fund. Under the Fund's Constitution, the Responsible Entity may suspend applications or redemptions if it is considered to be in the best interests of unitholders.

7 Financial instruments

Risks and capital management objectives

The Fund's activities expose it to a variety of risks: market risk (including price risk, interest rate changes and currency risk), liquidity risk and credit risk.

The Responsible Entity seeks to manage the Fund's financial risks through a variety of activities, including diversification of the investment portfolio and the selection of liquid investments in accordance with the specific investment policies and restrictions set out in the Product Disclosure Statement.

The key element in the Responsible Entity's investment philosophy is a focus on both structural and cyclical change as the driver of cash flow, valuations, and ultimately, longer term share price returns.

The nature and extent of the financial instruments outstanding at the balance date and the risk management policies employed by the Responsible Entity are discussed below, together with specific investment objectives and policies applicable to the Fund.

(a) Market risk

Market risk is the risk that the value of a financial instrument will change as a result of exposure to market price changes, interest rate changes and currency movements.

Price risk

The Fund's market price risk is managed on a daily basis in accordance with the following specific investment policies and restrictions.

Investment policies and restrictions

The Responsible Entity invests in assets in accordance to the Fund's Product Disclosure Statement and monitors the guidelines and restrictions to ensure compliance.

Market exposures

As at 30 June the market exposures were as follows:

	2024	2023
	\$'000	\$'000
Financial assets at fair value through profit or loss:		
Listed equities	<u>10,948</u>	<u>10,812</u>
Total	<u><u>10,948</u></u>	<u><u>10,812</u></u>

Carrying amounts versus fair values

The fair values of financial assets and financial liabilities approximates their carrying amounts in the Statement of Financial Position.

Sensitivity analysis

The table below details the approximate change in net assets attributable to unitholders if there is a percentage change in the price assuming all other variables are constant.

	2024		2023	
	% change	\$'000	% change	\$'000
Increase in price	10	1,095	10	1,081
Decrease in price	10	(1,095)	10	(1,081)

Fair value measurement recognised in the Statement of Financial Position

The fair value measurement disclosures use a three-tier value hierarchy that reflects the significance of the inputs used in measuring fair values. The fair value hierarchy is comprised of the following levels:

- Level 1 – fair values measured using quoted prices (unadjusted) in active markets for identical instruments;
- Level 2 – fair values measured using directly (i.e. as prices) or indirectly (i.e. derived from prices) observable inputs, other than quoted prices included in Level 1; and
- Level 3 – fair values measured using inputs that are not based on observable market data (unobservable inputs).

At 30 June the financial instruments carried at fair value split by valuation method is summarised below:

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
2024				
Financial assets at fair value through profit or loss:				
Listed equities	10,948	-	-	10,948
Total	10,948	-	-	10,948
2023				
Financial assets at fair value through profit or loss:				
Listed equities	10,812	-	-	10,812
Total	10,812	-	-	10,812

Transfers between levels

The Responsible Entity's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There have been no transfers between levels in the fair value hierarchy at the end of 30 June 2024 and 30 June 2023.

Fair value measurement

Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and equity securities) is based on last sale prices at the end of the reporting period without any deduction for estimated future selling costs. For the majority of financial assets and liabilities, information provided by the quoted market independent pricing services is relied upon for valuation.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. An active market is a market in which transactions for the financial asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Fair value in an inactive or unquoted market (level 2 and 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined by using valuation techniques. Quoted market prices or dealer quotes for similar instruments are used for debt securities held. The Responsible Entity may use a variety of valuation methods and makes assumptions that are based on market conditions existing at the end of each reporting period. Valuation techniques used for non-standardised financial instruments, such as over-the-counter derivatives, include the use of comparable arm's length transactions, reference to the current fair value of a substantially similar other instrument or any other valuation technique that is commonly used by market participants which maximises the use of market inputs and relies as little as possible on entity-specific inputs.

For other pricing models, inputs are based on market data at the end of the reporting period.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions held. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

Fair value measurements using significant unobservable inputs (level 3)

The Fund did not hold any financial instruments with fair value measurements using significant unobservable inputs during the reporting period ended 30 June 2024 and 30 June 2023.

Financial instruments not measured at fair value

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values due to their short term nature.

7 Financial instruments (continued)

(a) Market risk (continued)

Interest rate risk

The majority of the Fund's financial assets and liabilities are non-interest bearing. As a result, the Fund is not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates on interest bearing financial assets and liabilities. Any excess cash and cash equivalents are invested at short term market interest rates. The Responsible Entity monitors the overall exposure to cash and consequently interest rate sensitivity on a daily basis.

At 30 June the Fund's exposure to interest rate risk is set out below:

	Floating interest rate \$'000	Fixed interest rate \$'000	Total \$'000
2024			
Cash at bank	(8)	-	(8)
Total	(8)	-	(8)
	Floating interest rate \$'000	Fixed interest rate \$'000	Total \$'000
2023			
Cash at bank	439	-	439
Total	439	-	439

Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates for financial instruments denominated in currencies other than the functional currency (AUD) of the Fund.

The Fund holds investments in a number of countries. If the currencies of those countries change in value relative to the base currency (AUD), the value of the financial instruments will change and this is reflected in the fair value of the investments on the Statement of Financial Position.

The risks in relation to country exposure are set out above under Market price risks.

The Responsible Entity's normal position with regard to foreign exchange exposure is to remain unhedged.

(a) Market risk (continued)

The table below shows the currency exposure of the Fund's financial assets. The Fund has no material exposure to net monetary financial assets designated in foreign currencies. Accordingly, no sensitivity analysis has been disclosed. The exposure to movements in the fair value of the investments (which includes foreign currency exposure) is included in the price sensitivity analysis.

(b) Liquidity risk

Liquidity risk is the risk that the Fund will not be able to meet its financial obligations as they fall due. The Fund is exposed to daily cash redemptions of redeemable units. The majority of the Fund's investments in equity securities are considered to be readily realisable. The Fund primarily holds investments in an active market which can be readily disposed.

In order to manage the Fund's overall liquidity, the Fund's Constitution permits the Responsible Entity to suspend withdrawals if it's considered to be in the best interests of unitholders.

** Effective from 1 July 2023, the net assets attributable to unitholders have been reclassified from financial equity to liability.

(c) Credit risk

Credit risk is the risk that the Fund may incur a loss if other parties fail to perform their obligations under the financial instruments which comprise the Fund's investment portfolio.

Any non-equity investments generally incorporate credit assessments in investment valuations and the risk of loss is implicitly provided for in the determination of the fair value of such investments. The Fund also has a credit risk exposure in relation to its transactions with counterparties such as brokers, banks and other financial intermediaries.

The Responsible Entity manages the concentration of credit risk by transacting through a number of brokers all of whom operate on recognised and reputable exchanges. The credit risk exposure to any one counterparty is low.

Total credit risk for the Fund arising from recognised financial instruments is limited to the value of the Fund's investments and receivables shown in the Statement of Financial Position.

All derivatives transactions are conducted through counterparties who are members of a recognised market exchange and are approved by the Responsible Entity.

(c) Credit risk (continued)

Cash and cash equivalents are held with banks with a rating of BBB+ or higher (as determined by Standard & Poor's).

8 Events subsequent to balance date

The Responsible Entity resolved and approved the wind up of the Fund with investors notified by letter on 6 August 2024 of the Responsible Entity's intention to terminate the Fund. All available assets available for liquidation were sold on 6 August, with initial proceeds totalling \$10,421,350 returned to investors on 14 August 2024. Remaining assets less liabilities were settled and returned to investors on 30 August 2024.

No other significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund disclosed in the Statement of Financial Position or on the results and cash flows of the Fund.

Independent Auditor's Report

To the unitholders of Maple-Brown Abbott Global Emerging Markets Equity Fund

Opinion

We have audited the **Financial Report** of Maple-Brown Abbott Global Emerging Markets Equity Fund (the Fund).

In our opinion, the accompanying Financial Report of the Maple-Brown Abbott Global Emerging Markets Equity Fund is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Fund's financial position as at 30 June 2024 and of its financial performance for the year ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Statement of financial position as at 30 June 2024;
- Statement of comprehensive income, Statement of changes in equity, and Statement of cash flows for the year then ended;
- Notes including a summary of significant accounting policies; and
- Directors' Declaration.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Fund in accordance with the *Corporations Act 2001* and the relevant ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Emphasis of Matter

We draw your attention to Note 1(b) of the Financial Report which describes the basis of preparation. The Financial Report has been prepared on a basis other than going concern, following a resolution to wind up the Fund made by the Board of Directors of the Responsible Entity. Our opinion is not modified in respect of this matter.

Other Information

Other Information is financial and non-financial information in Maple-Brown Abbott Global Emerging Markets Equity Fund's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. This includes the Directors' Report. The Directors of Maple-Brown Abbott Limited (the Responsible Entity) are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report

Responsibilities of the Directors for the Financial Report

The Directors of Maple-Brown Abbott Limited (the Responsible Entity) are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*;
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- assessing the Fund's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our Auditor's Report.
