## 1 Summary of material accounting policies

This interim financial report covers the Fund as an individual entity.

The Fund is a registered managed investment scheme under the *Corporations Act 2001*. The Fund was constituted on 6 December 2012 and will terminate 80 years (less one day) from the date of commencement or at such earlier time as provided by the Fund's Constitution or by the law.

Maple-Brown Abbott Limited is the Responsible Entity. Maple-Brown Abbott Global Listed Infrastructure Pty Limited is the investment manager of the Fund. The registered office and principal place of business of the Responsible Entity is Level 26, Tower One, International Towers, 100 Barangaroo Avenue, Barangaroo NSW 2000.

The interim financial report was authorised for issue by the directors of the Responsible Entity on 22 February 2024. The directors of the Responsible Entity have the power to amend and reissue the interim financial report.

### (a) Statement of compliance

The general purpose interim financial report has been prepared in accordance with accounting standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made in respect of the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The interim financial report is prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

There have been no significant changes to the risk management policies and processes of the Responsible Entity since the previous financial year end.

### (b) Basis of preparation of interim report

#### Functional and presentation currency

The interim financial report is presented in Australian dollars, which is the Fund's functional currency.

#### Use of estimates

In a limited number of circumstances the Responsible Entity makes estimates and assumptions that affect the reported amounts in the financial statements. These estimates and associated assumptions are reviewed regularly and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The use of estimates and critical judgements in fair value measurement is described in note 6.

#### Change in accounting standards

Except as described below, the accounting policies applied in these interim financial statements are the same as those applied in the Fund's financial statements as at and for the year ended 30 June 2023.

## 1 Summary of material accounting policies (continued)

### (b) Basis of preparation of interim report (continued)

#### a) Material accounting policy information

The Fund has adopted Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) from 1 January 2023. The amendments did not result in any changes to the accounting policies themselves, but require the disclosure of material accounting policy information rather than significant accounting policies.

The amendments require the disclosure of 'material', rather than 'significant', accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

Management reviewed the accounting policies and no updates were required.

The Responsible Entity may make additional investments in the case of net applications, or realise investments in the case of net redemptions, depending on the desired level of liquidity in the Fund. Under the Fund's Constitution, the Responsible Entity may suspend applications or redemptions if it is considered to be in the best interests of unitholders.

## 6 Financial instruments

### Market exposures

As at the end of the reporting period the market exposures were as follows:

	31 December 2023	30 June 2023
	\$'000	\$'000
Financial assets at fair value through profit or loss:

<b>Total</b>	<b>1,088,597</b>	<b>1,112,008</b>

### Carrying amounts versus fair values

The fair values of financial assets and financial liabilities approximates their carrying amounts in the Statement of Financial Position.

### Fair value measurement recognised in the Statement of Financial Position

Fair value measurements are classified using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1 – fair values measured using quoted prices (unadjusted) in active markets for identical instruments;
- Level 2 – fair values measured using directly (i.e. as prices) or indirectly (i.e. derived from prices) observable inputs, other than quoted prices included in Level 1; and
- Level 3 – fair values measured using inputs that are not based on observable market data (unobservable inputs).

## 6 Financial instruments (continued)

As at the end of the reporting period the financial instruments carried at fair value split by valuation method is summarised below:

<b>As at 31 December 2023</b>	<b>Level 1 \$'000</b>	<b>Level 2 \$'000</b>	<b>Level 3 \$'000</b>	<b>Total \$'000</b>
Financial assets at fair value through profit or loss:				
Australian-listed equities	22,270	-	-	22,270
Overseas-listed equities	1,066,316	-	-	1,066,316
Foreign exchange contracts	-	11	-	11
<b>Total</b>	<b>1,088,586</b>	<b>11</b>	<b>-</b>	<b>1,088,597</b>

As at 30 June 2023	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss:				
Australian-listed equities	27,032	-	-	27,032
Overseas-listed equities	1,084,970	-	-	1,084,970
Foreign exchange contracts	-	6	-	6
<b>Total</b>	<b>1,112,002</b>	<b>6</b>	<b>-</b>	<b>1,112,008</b>

### *Transfers between levels*

The Responsible Entity's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There have been no transfers between levels in the fair value hierarchy at the end of 31 December 2023 and 30 June 2023. There were also no changes made to any of the valuation techniques applied as of 31 December 2023.

### **Fair value measurement**

#### *Fair value in an active market (level 1)*

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and equity securities) is based on last sale prices at the end of the reporting period without any deduction for estimated future selling costs. For the majority of financial assets and liabilities, information provided by the quoted market independent pricing services is relied upon for valuation.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. An active market is a market in which transactions for the financial asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

## 6 Financial instruments (continued)

### *Fair value in an inactive or unquoted market (level 2 and 3)*

The fair value of financial assets and liabilities that are not traded in an active market is determined by using valuation techniques. Quoted market prices or dealer quotes for similar instruments are used for debt securities held. The Responsible Entity may use a variety of valuation methods and makes assumptions that are based on market conditions existing at the end of each reporting period. Valuation techniques used for non-standardised financial instruments, such as over-the-counter derivatives, include the use of comparable arm's length transactions, reference to the current fair value of a substantially similar other instrument or any other valuation technique that is commonly used by market participants which maximises the use of market inputs and relies as little as possible on entity-specific inputs.

For other pricing models, inputs are based on market data at the end of the reporting period.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions held. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

### *Fair value measurements using significant unobservable inputs (level 3)*

The Fund did not hold any financial instruments with fair value measurements using significant unobservable inputs during the half year ended 31 December 2023 or year ended 30 June 2023.

### **Financial instruments not measured at fair value**

The carrying value less loss allowance of other receivables and payables are assumed to approximate their fair values due to their short term nature.

## 7 Events subsequent to balance date

No significant events have occurred since the end of the interim reporting period which would impact on the financial position of the Fund disclosed in the Statement of Financial Position or on the results and cash flows of the Fund.

## Directors' declaration

In the opinion of the directors of Maple-Brown Abbott Limited, the Responsible Entity of Maple-Brown Abbott Global Listed Infrastructure Fund:

- 1 The financial statements and notes are in accordance with the *Corporations Act 2001*, including:
  - (a) complying with AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*; and

- 2 There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the directors of Maple-Brown Abbott Limited.

To the unitholders of Maple-Brown Abbott Global Listed Infrastructure Fund

## Conclusion

We have reviewed the accompanying **Interim Financial Report** of Maple-Brown Abbott Global Listed Infrastructure Fund (the Fund).

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Interim Financial Report of Maple-Brown Abbott Global Listed Infrastructure Fund does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Fund's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Interim Financial Report** comprises:

- Statement of Financial Position as at 31 December 2023;
- Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the half-year ended on that date;
- Notes 1 to 7 including selected explanatory notes; and
- Directors' Declaration.

## Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

## Responsibilities of the Directors for the Interim Financial Report

The Directors of the Maple-Brown Abbott Limited (the Responsible Entity) are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibilities for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an Interim Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
